ABOUT

Software Engineer with a strong background in backend and frontend development. I have diverse experience, working with clients including personal projects, and small-large companies. I am a member of the open-source community and enjoy creating and contributing to open-source projects. My goal is to deliver high-quality solutions that meet the needs of my clients and exceed their expectations.

EXPERIENCE

SOFTWARE ENGINEER

Edge Technologies | May 2022 - Nov 2022

- Actively contributed to the development processes and methodologies through regular team retrospectives and collaboration with the team
- Built robust and scalable solutions for product features, ensuring seamless integration with 3rd party services and reviewing pull requests

SOFTWARE ENGINEER

VersaFleet | Mar 2020 - May 2022

- Driving the development of cutting-edge products by collaborating with cross-functional teams, including designers and customer experience specialists
- Reviewing pull requests to ensure the quality and compatibility with the project's coding standards, functionality requirements, and overall design principles
- Playing an integral role in the product creation process, from conceptualization to deployment

SOFTWARE ENGINEER

Jepture | Aug 2019 - Jan 2020

- Actively participating in the analysis and design of system logic, including database design, to drive successful project outcomes
- Worked closely with the CEO to align project goals with business objectives

PROGRAMMER

Era Sistem Digital | Mar 2019 - Jul 2019

- Showcased innovative application designs to clients and project managers, securing positive feedback and buy-in
- Contributed to the success of projects by creating elegant and efficient system logic and collaborating on database design

SOFTWARE ENGINEER

ADICT Indonesia | Sep 2017 - Apr 2018

- Collaborated with cross-functional teams to drive project requirements, analysis, and design
- Contributed to the development of robust and scalable infrastructure and applications, ensuring they meet business needs and project timelines

SOFTWARE ENGINEER

Oxx Technologies Indonesia | Dec 2016 - Aug 2017

- Actively participated in project meetings, providing insightful feedback and suggestions to ensure project success
- Collaborated with the design team to ensure a smooth implementation of project
